Payment Schedules

We accept fee payments in three schedules:

- Lump sum payment in advance - a 5% discount on the tuition fees will be applied to fees paid in full and in advance on or before the first day of the first term of the academic year.

- Three termly instalments - equal instalments due on or before the first day of each term
- Monthly over 10 months (for a full year's course September to June) by direct debit. Please note that the monthly option is only available if a direct debit is used.

Notice Periods and Conditions

One full term's notice is required for a student wishing to withdraw during an academic year. Fees will be charged for that term.

Payment of the enrolment fee commits the student to a minimum of one full term's tuition fees.

If a student chooses to reduce the number of subjects taken during an academic year, one full term's notice will be required of the change.

For students taking a combination of GCSE and A levels a fair fee will be calculated in the most cost effective manner.

Notes and Extras

Scholarships and Bursaries

A limited number of scholarships are available to talented students for up to a maximum of 50% of our tuition fees. The award of these scholarships may be conditional on the outcome of GCSE results and will also be based on:

- Performance at interview
- Previous academic background
- Results of our scholarship test

The principal may award a limited number of bursaries to students in financial need. The principal's discretion here is final and the applicant must be able to demonstrate a genuine need.

Family Discount

Families with more than one student at the College are entitled to a 10% discount on the tuition fees of each family member attending. Please note that this discount applies only to siblings when both or all are attending the College.

Individual Tuition

£50 per hour
